

Chalet Victorina

Designer ski chalet for 12, secluded location, great views

Ultra-modern La Giettaz chalet, 6 bedrooms, 4 bathrooms, surrounded by nature, walks and skiing

Chalet Victorina...

This stunning chalet, near La Giettaz, enjoys a wonderfully secluded location surrounded by nature. In winter you'll need a 4x4 vehicle with snow tyres and snow chains, but it's absolutely worth the effort, and the owner has arranged for the snow to be cleared regularly.

Recently renovated to an ultra-modern and very high standard, this chalet has plenty of room for 12 people in six bedrooms. The main accommodation is over two floors, and there's a ski room on the lower ground floor.

The owners have chosen a very sleek minimalist design for Chalet Victorina, but the combination of brushed wood with slate greys has resulted in a very welcoming home that sits comfortably in its Alpine surroundings.

Chalet Victorina is just 1.5km from the ski lift at Le Plan, where you'll also find a restaurant in season. There are more restaurants, bars and shops at La Giettaz, which is a 5km drive away.

In the summer, a hiking trail passes below the chalet, and there are plenty of bike trails offering access to the challenging Aravis peaks.

NOTE: The property is in a protected environment and the running water is from a cistern with a filtering system. However, it is recommended that guests bring their own bottled water for personal consumption (no problem for showering/brushing teeth, or cooking).
